This is an innovative new build project in Marbella consisting of 1, 3 and 4 bedroom flats and penthouses.

Only 16 spacious apartments and the half is already sold.

Each home in this new build project is unique, none are the same.

However, there is one thing they all have in common: the vast amount of space.

That is why the floors of the rooms merge with those of the terraces, to create a sensation of openness towards the sea and the mountains.

Their integrated kitchens invite you to share breakfasts, dinners, after-dinner meals... All designed to continue creating memories.

The design is spacious and bright, in which to start a new life or enjoy unique moments in your holidays on the Costa del Sol.

Spectacular sea views, frontline golf location and cutting-edge design are three powerful reasons to choose this beautiful project for your new home.

The new build is designed with various heights, so that the light of the Mediterranean floods into the beautiful build homes.

In the communal areas, the water of its two swimming pools and the vegetation of its many landscaped areas merge into a perfect blend that invites you to relax and enjoy.

The area of Cabopino, in Marbella, concentrates everything you could wish for.

To the north, pine forests and golf courses such as Cabopino golf.

To the south, the protected natural area of Dunas de Artola, which leads to Cabopino beach, a beautiful and secluded sandy beach of golden sand about 1,200 metres long, next to which you will find the marina of the same name.
